A few words from our new Elementary Representative

Fellow mathematicians,

I am honored to be serving as the Elementary Representative to GC2TM. I am the Math Coach at Norton Elementary. I have been with Gwinnett for five years. Prior to my moving to Lawrenceville, I retired as an Elementary School Principal from Montgomery, Al. I have been in education for 42 years...yes I am still going. During those 42 years, I taught fifth grade, Middle School math, and served as an Assistant Principal at Brewbaker Primary. 24 of those years, I was the Adjunct Instructor of Elementary Science and Math for the College of Education at Auburn University, Montgomery campus.

I look forward to serving each of you. John A. Fulgham
